About Lazlo's- (from website www.lazlosbreweryandgrill.com)

In 1991, Lazlo's Brewery & Grill opened in Lincoln's Historic Haymarket District, bringing the state of Nebraska its first brew-pub. The demand for our from-scratch cooking, our hand-crafted ales and our teamwork approach to service was immediate. Over the years this demand fueled numerous expansions for the restaurant. A second Lazlo's Brewery & Grill location opened in 2000 in South Lincoln and our third in Omaha in 2006. In addition we were delighted to open Lazlo's sister restaurant, [FireWorks](#), in Lincoln in 2002. Lazlo's serves handcrafted ales straight from our in-house brewery, [Empyrean Brewing Company](#). Empyrean Brewing Company, founded in 1997, is Nebraska's largest micro-brewery and was recognized at the prestigious World Beer Cup in Seattle with a silver medal for "Luna Sea ESB."
